To
The Deputy Secretary
to the Govt
Bangalore.

Sir,

I beg to bring to your notice that after the
departure of the Executive Engineer, Bangalore Division from
Ooty, certain works in the form of drains and water cisterns
were given by the Asst. Engineer who accompanied the Executive
Engineer, to a Contractor, a mere boy. The drain work
was going on under the supervision of the Asst. Engineer
and the Contractor - but the water cisterns are left to
the mercy of inexperienced bricklayers who are using
bad materials. On my rounds of inspection of the
Palace and Outhouses I noticed mortars being used
5 to 1 and the common plaster being only washed
with cement instead of using mortar 1 to 1 and putting
on a proper layer of cement. The wells used also are
of a very inferior make and are being used daily
by being first washed in water. In all the work is
poor

Yours truly
Solomon
Ann Hill

Sir,

I am sorry to say no supervision is being exercised as to Contractor's work present having left with the last Coolie on the 4th instant & has not since returned from Serugal I am afraid that this class of work will not last long & will have to be redone after having been paid for

Trusting this to your views and beg that the same

If instructions are sent me I shall be glad to supervise all works in execution and see that good and substantial work is carried out - the works after completion can be examined by any experienced officer

work [illegible] and no supervision is being exercised as the
contractor is not present having left with the Sub-Overseer
on the 4th Instant & has not since returned from Gangavati.
I am afraid that this class of work will not last long

I bring this to your notice and beg that the same
be forwarded to the Chief Engineer for information.

10th July 1907

To The Deputy Secretary
to the Dewan of Mysore
Bangalore

Respected Sir

I beg to bring the following for your information and orders thereon.

Since the departure of H.H. the Maharajah of Mysore and the Royal party, the late Overseer's brother, brother-in-law and other relatives have occupied the Overseer's quarters, by whose authority I am not aware of. Owing to some family quarrels and disputes continual fighting goes on at the Temple premises for the last 3 or 4 days and bazaar people forming a panchayat with policemen daily trespass through the Dewan's residence and sometimes Jew Hill Palace and cause endless trouble. One of the rooms in the Officials' quarters was locked by a Mahomedan Munshi Sahib before the departure of the Royal party and I could not enter in to check the furniture in it. This morning on going my rounds of inspection I found the lock of the door removed and on counting the furniture etc found only 9 articles. As so many people owing to the Overseer's quarters being occupied by the late Overseer's brother etc and their servants and workmen having free access to the premises I do not know who removed the lock. Great irregularity exists owing to the Overseer's quarters being occupied, and I therefore beg that early orders be sent me on this matter.

Further, the clerk of the Superintendent of the Government Gardens, who is renovating the grounds of Jew Hill Palace, called on me and requested me to furnish him with 2 godowns for his dwelling and the coach house as a store room at Ooty Stores. I informed him that I could not grant him that privilege without obtaining orders from my superiors. Yesterday I found that he had taken possession of the said godowns and Coach house without my permission and refuses to leave them

During the stay of H. H. the Maharajah of Mysore and the Royal party, firewood was being purchased at an exorbitant rate, whereas I now find that a large quantity of dry firewood is scattered here and there over the grounds of Jew Hill, and if permitted will collect all this which I reckon will amount to about 10 lots.

In conclusion I beg leave to state that my present position i.e. being in charge of all Mysore Government properties in Cottacamund, carrying no authority for me to exercise any power or surveillance over trespassers and works in execution, I pray that the Government of Mysore will be pleased to invest me with such powers as to enable me to prevent these irregularities continuing any further.

Apologizing for troubling you on these subjects and praying that early orders may be sent me

Respected Sir,

Submitted to

In bringing the following to your kind notice I beg respectfully to solicit that you would be pleased to lay the same before the Dewan of Mysore and the Chief Engineer for orders thereon.

On the 31st ultimo I received a notice No 315 (copy enclosed) from the Chairman of the Potacamund Municipality, to replace all the decayed posts and refix the wires, cutting off the barbs of the same, on the boundary of Bhavani House adjacent to the road leading to Coonoor dale. As this work is always carried out by the Public Works Department I forwarded the Notice to one Mr Naganathaiah Moodeliar, the Sub-Overseer 6nd of here by the Executive Engineer, Bangalore Division, and who is the brother of one Mr Singaravelu Mooda, Head Clerk or Manager of the Chief Engineer's Office. Instead of his receiving the above notice and attending to the work, he refused and returned it to me. I had, therefore, no other alternative than to sign and return the duplicate notice to the Municipality, and now beg that orders may be sent to me to carry out this work which I will execute and show a considerable saving to Government. The barbed wire should not necessarily be removed, as was ordered and carried out by the Executive Engineer, Bangalore Division, thereby causing great loss to the Government of Mysore. It would have sufficed if the barbs were simply depressed or cut off as has been done and is still being done to roads adjacent to private buildings at Potacamund. Further the removal of the barbed wire from the posts which have not been removed has been the cause of many of the posts being stolen. On my usual rounds of inspection daily I frequently found the Gardener of Glenview absent, and on making enquiries found that he was in attendance on the Sub-Overseer's house in the local bazaar. Besides this gardener attending, the Dhobi is also daily attending on the Sub-Overseer's house, and the barbed wire removed by orders of the Executive Engineer, is thrown on an open yard at Glenview House with no fencing

look after them. I fear therefore that the wire being thus exposed to the mercy of the Public is liable to be stolen. Of course this will be known only at the last moment, when the number of the polls are being checked.

As per instructions received from Mr. S. M. Fraser previous to his departure from Bangalore, that I should visit Mowbray Cottage once a week and attend to any orders which Mrs Romilly gives me, I visited the Cottage and was requested by Mr Romilly to have some of the branches of an Accacia tree, in front of the new addition to Mowbray Cottage, cut down. I communicated this order to the Sub-Overseer through one of the Malees at Seven Hill Palace, to have the work carried out, but he curtly stated he would receive no orders from anyone, and that if Mr Romilly wrote to him he would then carry it out. I thereupon engaged a badaga coolie and had the branches cut down for which I paid him the small sum of 3 annas, and thus obeyed the orders I received.

Moreover, as no Kerosene oil was supplied to any of the Government or Palace department Houses since the departure of H. H. the Maharajah of Mysore and the Royal party, I purchased a tin of oil and issued a bottle of the same to each house with instructions that the Malees should use 5 oz per diem, which would last from 7 to 1 P.M., thereby reducing the expenditure on this head. On the return from Bangalore of the Sub-Overseer, on 17th July he purchased and issued one full tin of oil to each house instructing the men to burn as much as they liked, and that if one tin was found insufficient for 2 months he would supply them with more. The price of the tin of Kerosene oil 125° which I purchased was Rs 2.8.0 whereas I believe that a charge of Rs 4.8.0 is about to be made for the tins purchased by the Sub-Overseer's Contractor. This indiscriminate supply and use of Kerosene oil is, I am sure, very detrimental to the Government of Mysore, and I therefore pray that all the above may be taken into your kind consideration and orders be sent me to attend to all works, whereby, I am confident I will show considerable savings to Government.

Further in conclusion, I beg to inform you that I daily go my rounds of inspection, mornings and afternoons, and see that the Malees dust all the furniture in the respective bungalows clean and remove shrubs from the roads and also attend to the watering of the gardens. All the above works were

were previously done by outside coolies and cost Government a great deal, and this expenditure I am now saving by getting the works done by the Maleds.

If the Government of Mysore would only give me the P.W. work together with the supervision which I am now doing I shall surely shew a great saving of expenditure, as already stated in my first report dated 25th June 1901.

Apologizing for troubling you with this lengthy report for which I beg to be excused.

With reference to Military Assistant letter No 1141 dated 30th October 1902, I beg to submit herwith a copy of the letter dated 31st August 1901 to the address of the Military Assistant which I submitted from Ootacamund. From this letter it will be seen that since I went to Ooty and until I returned there from I received from the Madras Bank a sum of Rs 338/- the arrears of pay due to the Establishment and after disbursing a sum of Rs 99-5-4 as detailed therein, returned the balance of Rs 238-10-8 to the Bank of Madras on the 2nd September 1901. So except the amount of Rs 338/- I drew from the Bank of Madras as stated above, I did not received any other amount for Contingencies &c either from the Palace or the Military Department.

On the otherhand a sum of Rs 166-13-8 as detailed in the margin is due to me from the Military Assistant's Office which I beg you will kindly make arrangement to be paid to me at an early date.
